Tracker Care

TRACKER CARE - Always by your side

Tracker Care is so personalised, it's inspired by the care you take in looking after yourself and your loved ones.

You will have a convenient assist button that can be activated in a roadside or medical emergency. You can easily share your journey with family and friends.

Tracker Care's benefits include an In-App Car Guard, Zones Management and movement notifications. There's even a smart Key Tag that notifies us of any unauthorised movement of your vehicle. You will always know that your vehicle and the people in it are safe and sound. In addition, impact detection technology alerts us of any accident. Even if you are unable to respond to us yourself, help will be sent to you and your loved ones.

Tracker Care is suitable for all vehicles and is recognised by motor manufacturers and major insurers.
